What the Stolen Iranian Nuclear Secrets Do, and Don't, Reveal

[*Simon Henderson*](#)

The Hill

July 17, 2018

The Israeli revelations make the argument for sticking with the nuclear accord much more difficult to sustain.

At least three of the nation's largest newspapers carried front-page stories Monday detailing what Israeli officials told reporters about the hoard of Iranian nuclear secrets stolen from a Tehran warehouse in January. Although some may say that much of this information was already known or assumed, the accounts are fascinating for the details they reveal—and what they don't reveal...
